

ECOHEAT™ HEAT GUN and KIT

Economical, light weight, multi-use heat gun available separately or as kit with storage case and four specialized nozzle attachments.

Perfect for Industrial and Commercial Users.

Applications:

- Activate adhesives
- Bend plastics
- Dry parts
- Loosen rusted fittings
- Melt solder
- Shrink plastics
- Shrink packaging
- Shrink tubing
- Many other applications

Attachments included in kit shown left to right: reducer, reflector, small spreader and large spreader

Features & Benefits:

- Two fan speeds - Low & High (7 & 9 CFM).
- Two heat settings 500° & 1,000°F - Accommodates many automotive and commercial applications.
- Resettable thermostat - Protects element against over heating.
- Lightweight - 1 lb. - Easy to hold at any angle for long periods of time, eliminates operator fatigue.
- Built-in hand guard - Protects hand and fingers. Recessed switch guards against knocks and bumps.
- 3-wire grounded cordset - A positive grounding system for user safety.
- UL and CL listed - Safety agency tested & approved for user safety.
- Thermoplastic housing - for high impact durability.
- Built-in stand - Very stable, allows user to set heat gun down in an upright position.
