## PERFORMANCE TABLE

Pump	Pressure-Psi	Speed-RPM.	Flow-l/min	Motor-W	Motor-V	Motor-Hz	Motor-HP	L x W x H	Weight
FM-920-230V	1,000	1420	0.9	200	230	50	1/4	43x33x28	31.0 Lbs
FM-920-110V	920	1720	1.0	200	110 or 220	60	1/4	43x33x28	31.0 Lbs

- Automatic Pressure Release
  - When the spray stops the pressure is automatically released from the hose to prevent leaking nozzles
- Control System
  - Dual timer assembly with settings for minutes and seconds to set the exact misting and stop times desired.
- Pressure Switch
  - The pump will automatically stop when the water supply is interrupted, protecting the pump from damage.
- Inlet Filter
  - 0.1mm mesh filter prevents debris from entering the pump. Stainless steel for easy cleaning.
- Motor
  - Low-noise motor only 75 decibels. Low power consumption, but strong enough to create a natural fog effect.
- Quick Installation

Select MCI's easy install Push-Lock fittings
